Our Story

The Impact of Gifting

We believe that gifting helps make an impression, build relationships and express appreciation to your clients and team whether during the holidays or throughout the year when it's least expected. Gifting makes others feel valued and acknowledged. Aigner Chocolates' mission is to spread joy and hope through the magic of our chocolate which is what happens when gifting Aigners.

The Chocolate

All of Aigner's chocolate is produced on-site using antique equipment and recipes that have been passed down through the generations, including the traditional Austrian confections for which Aigner Chocolates is known.

Our History

Aigner Chocolates is one of the oldest chocolate shops in New York City, making and purveying handcrafted confections in Forest Hills, Queens since 1930.

What started as Krause's Candy Kitchen in 1930 has become a neighborhood institution and cornerstone of the Forest Hills community. The Aigner family took over in the early 1960s, making chocolate and candy confections for three generations. In 2015, husband and wife duo Mark Libertini and Rachel Kellner became the new owners, continuing traditions and beginning many of their own.
